Dental Technology Academy

Dear Member,

We extend our sincere gratitude to all past members and prospective participants of the Dental Technology Academy for your continued support. Our Zoom-style presentations have been a resounding success, and we are truly appreciative of the invaluable support we have received from our sponsors.

Our members continue to value the flexibility of the virtual format and have shown a strong preference for online webinars. Therefore, in 2026, we will continue to offer virtual classes and utilize this opportunity to feature distinguished speakers from around the world.

DTA members will once again have access to 4 Toronto Implant Academy (TIA) seminars. TIA, a leading clinical academy, provides members with the opportunity to learn from experts in implants, implant aesthetics, business management, and digital workflow. In 2026, DTA will offer 4 days of lectures, while TIA will host 8 half-day sessions featuring more than 16 renowned speakers.
