

2 DAY HANDS - ON | DR. PIERRE OBEID

# Fundamentals in Digital Dentistry

## Course Summary

This informative course covers everything you and your dental team need to know about 3D digital dentistry and will answer all your digital questions and concerns.

Learn about the basics, intermediate, and advanced methods of utilizing CBCT scans, optical scanners, free CAD software to plan and design dental prostheses, and 3D printing techniques.

You will learn how to 3D print dental models, night guards, and surgical guides inexpensively. Don't worry if you own something else; the digital workflows are usually similar or identical, with discussions on various intra-oral scanners, 3D printers and resin materials.

Each participant will experience "LIVE HANDS-ON" techniques to demonstrate using optical scanners, CAD software, and 3D printers to fabricate their own personal occlusal guard.

Finally, you will be given multiple workflows to apply in your practice, simplifying digital techniques for you and your assistants to learn from these technologies best.

**\$1,899.00 + Tax**

**Limited Seating.**

### Objectives:

- Does the thought of going completely digital terrify or confuse you?
- Have you wanted to fabricate occlusal guards, surgical guides, crowns, or veneers?
- Do you want to learn to utilize new technologies, applications, and materials to advance patient care?
- Are you frustrated by how much it costs to get into digital dentistry in your practice?
- Do you feel left behind and don't know where to start?

**BRING YOUR LAPTOP FOR HANDS-ON LEARNING OF SOFTWARE.**

**DR. PIERRE OBEID**  
DABOI. FAAID. FAGD

14 CE Points

AGD Subject Code : 130

Dr. Obeid graduated from the University of Detroit Mercy, School of Dentistry. He actively lectures and mentors dentists and denturists on the skills needed for proper communication and efficiency. His areas of expertise include 3D Digital Dentistry Workflow Strategies, CBCT data acquisition and interpretation, CAD/CAM software planning, and 3D printing manufacturing and technologies. Dr. Obeid is a Diplomate of DABOI, DICOI, a Fellow at FAAID and FAGD as well as certified in intravenous sedation.

**October 21 - 22, 2023**

8:30 am - 4: 30 pm

Location: Toronto Congress Centre  
650 Dixon Rd, Etobicoke, ON M9W 1J1
